## PROJECTS

---

### Sports Betting Website

- something about my superbook clone. Challenges I overcame, etc.
- something about the calculations of bet payouts from game odds.

### Active Record Lite

- revisit the active record lite project, and think about challenges while doing it.

### Snake

- my snake game. Possible challenges: apple respawn bug, adding the optional wrapping functionality (to-do), and the high score functionality.

## LANGUAGES AND TECHNOLOGIES

---

- Ruby, Ruby on Rails, JavaScript, jQuery, Backbone.js, SQL, Git, HTML, CSS, Python (learning)

## EDUCATION

---

### San Francisco, CA

### App Academy

August 2014 - October 2014

- Completed intensive web development bootcamp with < 5% acceptance rate.

### Santa Barbara, CA

### University of California, Santa Barbara

2009 - 2013

- B.S. in Mathematical Sciences, June 2013. GPA: 3.3
- Curriculum Highlights: CS Problem Solving, Numerical Analysis, Advanced Linear Algebra, Probability and Statistics, Combinatorics

## EMPLOYMENT

---
